

### Keyboard Drawer

KSI's keyboard pull out drawer is an efficient way to house your keyboard in a lectern. A standard keyboard up to 18.5" wide by 7.5" deep by 2" high will fit and is positioned at the top of the drawer for easy use. KSI drawers are fabricated from select white maple and finished with a clear scratch and moisture resistant coating. The drawer is available with a solid front as shown or a notched down front.
