

KSI Carts, Credenzas and Consoles

KSI offers a full line of support furniture for today's audio visual electronics. From our PR Series mobile AV cabinets to huge teleconferencing credenzas, we're sure to have what you need. All this is, of course, manufactured to KSI's high standards for superior durability, precision and finish.

Credenza 8

This 8' KSI credenza is expertly finished in mahogany with a velvet finish laminate top. Two rack areas and two shelf areas hold all your equipment. Removable back panels with ventilation fans make wiring and installation quick and simple.

Credenza 7

This 96" credenza is finished in dark walnut. Features include removable rear access panels, recessed swivel casters, pocket doors, 3 adjustable shelf sections, and a 14 space rack section.

All KSI Premier Line lecterns and Presentation Systems Furniture may be modified to suit your requirements.

KSI Carts, Credenzas and Consoles

PR Console 2

This large console features two KSI 801 loudspeakers in the top section, a center camera section, removable rear access panel, and space for a 36" TV monitor. The lower section includes a keyboard drawer, a 13 space equipment rack, a lower storage section, and a pullout side drawer. All of this moves easily on recessed swivel casters, and is finished in plain sliced red oak.

Credenza 4

KSI's expertise in cabinet making is obvious. This 72" credenza features diamond accents on the push latch doors, a solid granite top, dual rack mounts and shelf areas, and removable rear access panels with ventilation fans. All this and more finished in mahogany.

Credenza 3

This 52" black walnut credenza is expertly finished in KSI's red walnut. Features of this custom unit include a side pull out drawer, removable access panel, keyboard pull out, a lower rack section, pocket doors, ventilation fan, and full recessed swivel casters. Traditional molding adds an aura of elegance.

Credenza 2

This 48" credenza is finished in KSI red mahogany. Adjustable shelves and deep traditional molding finish the piece.

All KSI Premier Line lecterns and Presentation Systems Furniture may be modified to suit your requirements.

KSI Carts, Credenzas and Consoles

PR Cart 12

Shown in natural cherry, this cart features a flip down front panel for a LCD projector, ventilation fan, a rear storage drawer, adjustable shelves and pocket doors. Easy mobility is assured with our 3-1/2" casters.

PR-20

This Congressional mobile cart in cherry contains swivel casters, adjustable shelves and rear locking doors.

Credenza 6

This 72" Statesman Credenza features three sections with ventilation fans for all of your equipment needs. The outside areas are for rack mount equipment. The center section contains adjustable shelves for storage and other equipment. Full recessed swivel casters make this unit easy to move. The finish is KSI's medium oak.

Custom Equipment Rack

KSI equipment racks may be modified to suit your specific requests. This 20 rack space piece is finished in select white maple with a bull nosed laminate top, swivel casters, and front and back locking doors.

PR Cart 11

This PR cart is a companion piece to the rack shown above. Pocket doors, adjustable shelves and a storage drawer keep all your equipment organized. Recessed swivel casters make it easy to move. Finish is select white maple with a bull nosed laminate top.

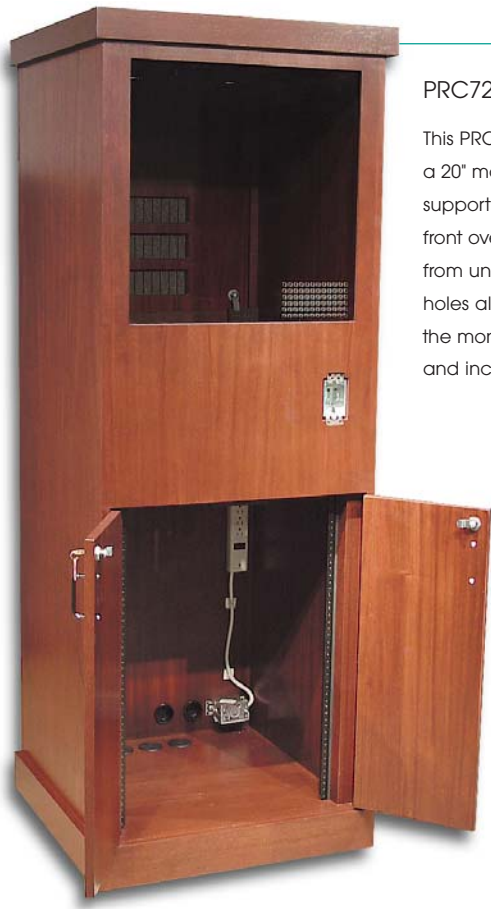

PR Cart 14

Shown in dark cherry, this PR cart features a rear pullout keyboard shelf, 11 rack spaces, a CPU section, removable front access panel, and swivel casters.

All KSI Premier Line lecterns and Presentation Systems Furniture may be modified to suit your requirements.

KSI Carts, Credenzas and Consoles

PRC72M

This PRC AV Console is designed for a 20" monitor and the necessary support equipment. A plexiglass front over the monitor protects it from unauthorized use, and the holes allow audio to be heard from the monitor. The rear is ventilated and includes an electrical inlet.

PR Cart 8

This PR Cart features an adjustable LCD monitor turret, pull out keyboard shelf and lower rack mount. Our Executive style in cherry looks great!

PR Cart 5

KSI's PR-40-48/30 mobile audio visual cabinet is a great way to house and hold your electronic equipment. Our PR carts come standard with recessed swivel casters, two adjustable shelves, locking doors and cable management grommets. This PR AV cabinet is expertly fabricated from black walnut and finished in brown walnut.

PR Cart 9

This 55" PR cart features a large rear visual presenter drawer, a lower adjustable shelf section, and a rack mount section. Finish is plain sliced red oak.

PRC 37-1

KSI's PRC-37 Audio Visual Console easily holds video monitors up to 36". The top section houses the monitor, while the lower section holds VCR's and anything else. Adjustable shelves, 270 degree doors and removable backs with ventilation fans complete this versatile piece. The finish is KSI's natural red oak.

All KSI Premier Line lecterns and Presentation Systems Furniture may be modified to suit your requirements.
