

# KSI Corporate Identity and Logos

KSI offers a full line of logos

to complement your presentation furniture.

Laser engraving or CNC machining may

be done in wood, metal and plastic. We

also offer digitally printed plexiglass in any

color. KSI has the ability to redraw your logo

for a perfect look. If your logo is old and

worn out, call us and we will make it look

like new.

## Hayfield

Digitally printed  
recessed into the front.

## Bay Path College

CNC routed from  
solid maple.

## National Institutes of Health

CNC routed into the front of  
the lectern. Logo is filled  
with black lacquer.

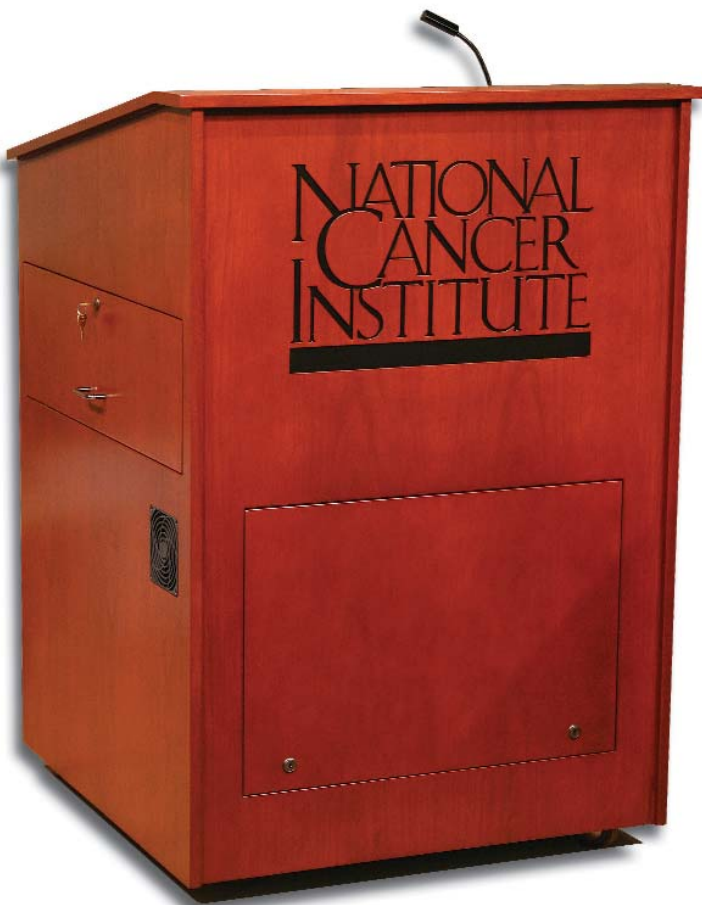

## Burlington Northern Santa Fe Railway

CNC machined in  
solid brass.

**FedEx**

CNC routed directly into the front of the lectern. Letters filled with matching pms color ink. Two KSI 501 loudspeakers are mounted on face of the lectern completing the unit.

**National Cancer Institute**

CNC routed into the front of the lectern. Logo is filled with black lacquer.

All KSI Premier Line lecterns and Presentation Systems Furniture may be modified to suit your requirements.
