

KSI Premier Line Lecterns

Statesman 27

The L-100-48/30 Statesman Lectern is a great choice for universities. The lower section houses an 18 space and a 10 space rack, a keyboard shelf and a pull out drawer for a visual presenter. Pocket doors keep everything secure, and a removable front access panel makes equipment installation easy. A large CRT monitor mount and touch screen cutout complete the work surface.

Statesman 28

This L-100-40/30 Statesman that is above all, secure. Everything locks including the work surface. This is the companion piece to Statesman 27 shown above.
