

PR Desk 1

This presentation console features our INR series equipment rack on the left side and a computer area on the right. 16 rack spaces gives plenty of room for your rack mount electronics. The keyboard shelf features a swivel mouse platform that folds out of the way when not in use. The lower section has ample room for your CPU. The rear incorporates a vented locking door and a lower slot for cable management. The finish is KSI's black walnut with our red walnut finish. Overall dimensions are 31" h x 42" w x 24" d.
